

THE 2011 CANADIAN CLEAN
TECHNOLOGY INDUSTRY REPORT

TABLE OF CONTENTS

TABLE OF CONTENTS

Executive Summary

Chapter 1 – Context, Methodology and Frameworks

1.1 Introduction

1.2. Context, Rationale and Definitions

- 1.2.1 Context: Clean Technology and Global Trade, R&D and Economic Recovery Policy
- 1.2.2 Context: Canadian Innovation-Based Industries
- 1.2.3 Canadian Clean Technology Companies: High Growth and Globally Competitive
- 1.2.4 Canadian Clean Technology SMEs: Contributing to Canada's Productivity
- 1.2.5 Why the 2011 Report
- 1.2.6 Company Definitions

1.3. Methodology and Sample

1.4. Frameworks

- 1.4.1 The Clean Technology Classification
- 1.4.2 Technology Commercialization Framework
- 1.4.3 The Clean Technology Strategic Demand Model

Chapter 2 – Global Industry Landscape

2.1 Introduction

2.2 Stimulus Public Investment

- 2.2.1 Actual Spending per Country
- 2.2.2 Actual Spending per Country as a Percent of GDP

2.3 Global Demand

- 2.3.1 Global Demand for Clean Technology: Many Points of View but No Clear Picture
- 2.3.2 Demand for Clean Technology: \$100 billion in 2006, \$1 trillion in 2010, \$3 trillion in 2020
- 2.3.3 Clarifying the Global Demand for Clean Technology: Making the Picture Clear

2.4 Global Demand Upstream Energy Production, Downstream Energy Use and Water

2.5 Global Demand by Technology Sector

- 2.5.1 Global Demand: Biofuels & Bioenergy
- 2.5.2 Global Demand: Power Generation
- 2.5.3 Global Demand: Energy Infrastructure / Smart Grid
- 2.5.4 Global Demand: Remediation & Soil Treatment
- 2.5.5 Global Demand: Transportation
- 2.5.6 Global Demand: Recycling & Recovery
- 2.5.7 Global Demand: Energy Efficiency
- 2.5.8 Global Demand: Industrial Processes
- 2.5.9 Global Demand: Water & Wastewater

Chapter 3 – Canadian Clean Technology Industry Landscape

3.1 Introduction

3.2 Industry Landscape

- 3.2.1 Estimated Industry Revenues
- 3.2.2 Industry Revenues Projections
- 3.2.3 Regions and Sectors
- 3.2.4 Sectors by Market Segments
- 3.2.5 Industry by Province and Region

3.3 Industry Employment

- 3.3.1 Estimated Total Direct Employment by Region
- 3.3.2 Projected Industry Employment by Sector
- 3.3.3 Intellectual Property and Research & Development Investment
- 3.3.4 Age and Commercialization Maturity
- 3.3.5 Market Sectors where Clean Technology Products and/or Services are Offered

3.4 Market Attractiveness

- 3.4.1 Market Sectors Nationally
- 3.4.2 Geographic Market Attractiveness by Sector

Chapter 4 – Canadian Clean Technology Industry Performance

4.1 Introduction

4.2 Company Revenue and Revenue Growth

4.2.1 Average Company Revenues by Sector

4.2.2 Average Company Revenue Compound Annual Growth Rates by Sector

4.2.3 Company Revenue Compound Annual Growth Rates by Company Revenue Size

4.3 Company Employment

4.3.1 Average Employment per Company by Sector

4.3.2 Compounded Annual Growth Rates of Employment by Sector

4.3.3 Average Employment per Company by Commercialization Stage

4.3.4 Average Revenue per Employee by Sector

4.4 Company Exports

4.4.1 Export Engagement and Achievement

4.4.2 Non-US Export Achievement and Projections

4.4.3 Export Projections by Sector

Chapter 5 – Canadian Clean Technology Industry CEO Sentiment and Priorities

5.1 Introduction

5.2 CEO Sentiment

5.2.1 Strategic Barriers for Canadian Clean Technology SMEs

5.2.2 Engagement with R&D Programs

5.2.3 Highly Rated R&D Funding Programs

5.2.4 International Financial Institutions of Interest

Chapter 6 – High Growth Company Benchmarks and Best Practices

6.1 Introduction

6.2 Growth Rate Benchmarks

- 6.2.1 Company Revenue CAGR by Revenue Growth Quartile versus 2009
- 6.2.2 2009 versus 2010 Projected CAGR for Next Four Years
- 6.2.3 Revenue Growth Rates by Sector and Quartile
- 6.2.4 First Quartile Revenue Growth Rates by Region
- 6.2.5 Revenue Growth Rates by Commercialization Maturity
- 6.2.6 Top Quartile Frequency of Association with R&D or Public Funding Programs
- 6.2.7 First Quartile Revenue Growth Rates and Frequency of Association with Private versus Academic Sources of Intellectual Property

6.3 Innovation and Commercialization Investment Benchmarks

- 6.3.1 Top Quartile Benchmarks for Investment in Research & Development versus Sales & Marketing

6.4. Management Team Best Practices

- 6.4.1 Top Quartile Management Team Composition
- 6.4.2 Benchmarks for Commercialization versus Other Employees

6.5. Top Quartile Performance in Time to Revenue Milestones

- 6.5.1 Average Age of High Growth Companies versus Revenue Achievements
